**Subject:** RE: Blades Outreach

A couple of quick items:

- I want to let you know that I just got off the phone with Seaford Superintendent David Perrington, and he is planning on closing Blades Elementary tomorrow, and have staff come in two hours late. Also, since they are bringing staff in, he thought some of them might volunteer to distribute water if we need the help. I told him I would get back to him in the morning. Let me know if we need or would like the help.

- Rep. D. Short wanted to know if the community of Little Meadows was on public water, and to let us know that just south of Blades in the Child Craft Early Learning Center, and he thinks they may be on private water. He would like us to look into both of those. I told him we would, and that I would get back to him.

Thanks - Shawn

When we deliver water tomorrow, we should have someone on the ground to answer questions

when people stop by. Let me know the plan. Thx
